8+ Yrs Experience | 15% Organic Traffic | Page-1 Rankings | 70+ Leads/month | Rs.2L+ Ad Spend Managed

PROFILE

AI-Powered Digital Marketing Specialist who turns 8+ years of SEO, PPC, and content expertise into measurable revenue growth: 15% organic traffic growth, first-page Google rankings, and 70+ qualified leads per month while managing Rs.2,00,000+ in monthly ad spend. Self-taught in Generative AI, with live products shipped SOLO on GitHub - a rare hybrid of marketing instinct and hands-on engineering with OpenAI API, Gemini AI, and AI agent design.

Profitable Growth | High-Converting Copy & SEO | Data-Driven A/B Optimization | AI-Augmented Workflows

PROFESSIONAL EXPERIENCE

DIGITAL MARKETING SPECIALIST | Autozilla Software Solutions Pvt Ltd

May 2023 - Present

Hyderabad, India

- Grew organic website traffic by 15% through SEO audits, keyword gap analysis, content optimization, and technical issue resolution
- Secured page-1 Google rankings for high-value competitive keywords, lifting qualified inbound traffic
- Generated 70+ qualified leads per month by aligning SEO, Google Ads, and landing pages into one conversion funnel
- Managed Google Ads budgets exceeding Rs.2,00,000 per month, optimizing cost-per-lead and return on ad spend
- Built AI-assisted content workflows with Generative AI to accelerate production and improve search relevance
- Delivered performance dashboards and actionable insights in GA4 and Looker Studio
- Ran A/B tests on landing pages, ad copy, and CTAs, applying findings to lift conversion rates
- Performed competitor analysis and search-intent mapping to find ranking opportunities and content gaps

CAMPAIGN SPECIALIST | Pranathi Software Services Pvt Ltd

Jun 2022 - May 2023

Hyderabad, India

- Managed SEO, PPC, and paid social across multiple client accounts, raising quality scores and cutting CPCs
- Planned LinkedIn Ads for B2B lead generation, targeting by industry, job title, and seniority
- Optimized bids, audiences, and schedules to improve ROAS and cut wasted spend
- Built weekly KPI reports on impressions, CTR, conversions, and revenue attribution
- Identified underperforming campaigns in GA and applied fixes that improved click-throughs and conversions

DIGITAL MARKETING EXECUTIVE | FAMA Technologies

Feb 2021 - May 2022

Hyderabad, India

- Planned integrated SEO, PPC, and content campaigns that raised organic sessions and inbound enquiries
- Ran A/B and multivariate tests on landing pages and creatives, driving CRO improvements
- Conducted technical SEO audits (crawl errors, page speed, schema gaps) and coordinated fixes with dev
- Built search-intent-aligned content to grow topical authority and rankings

DIGITAL MARKETING EXECUTIVE | E-Rad Imaging & Reporting Services Pvt Ltd

Jun 2019 - Sep 2020

Hyderabad, India

- Managed end-to-end SEO - keyword research, on-page optimization, link building, and monthly reporting
- Delivered monthly audit reports with prioritized actions that lifted domain visibility and rankings
- Executed off-page SEO (guest posts, directories) to build domain authority

SEO & SMO EXPERT | Promantra Synergies Pvt Ltd

Nov 2017 - May 2019

Hyderabad, India

- Led SEO and social campaigns that grew brand visibility and reach across search and social

- Built content and engagement strategies aligned with keyword and audience targeting
- Ran competitor benchmarking and link-building outreach to strengthen domain authority

SEO EXECUTIVE | Digital Way Soft

Jan 2015 - Nov 2017

Hyderabad, India

- Managed technical SEO, on-page, off-page, and keyword research across multiple client sites
- Improved organic rankings through content optimization, internal linking, and meta fixes

SOFTWARE / JUNIOR TEST ENGINEER | Ainslee Software Technologies & Corbz Data Info Solutions May 2007 - Sep 2014

Hyderabad, India

- Designed test plans, cases, and defect reports for web and enterprise projects (functional, regression, UAT)
- Built the analytical, root-cause base that now drives data-led marketing decisions

FEATURED PROJECTS

HOOK AI - AI Marketing Copy Engine

Designed, built & launched SOLO. Next.js | Supabase | TypeScript | Stripe & Razorpay | Vercel | Groq AI. Github: github.com/gitvamshidhar-m/hook-ai-marketing-engine | Live: hook-ai-marketing-engine.vercel.app

- AI SaaS that writes conversion-ready hooks, headlines, and ad copy across 15+ niches - the complete toolkit a founder needs to win traffic and revenue
- Owned positioning, strategy, and launch; full SEO program (30+ blog posts, niche landing pages, auto sitemap, FAQ/HowTo schema) engineered to win rich results
- Built the acquisition funnel - scheduled email flows, exit-intent capture, referral program, A/B hero testing with statistical-significance reporting
- Full-stack Next.js + Supabase with Stripe & Razorpay billing; 15+ niche AI copy generators powered by Groq AI; shipped solo on Vercel free tier

CREATIVE PREDICTOR - AI AD TESTING SUITE (v13.0)

My second live product - a paid-media & CRO intelligence suite. HTML/JS | Groq AI (Llama 3.3 70B) | OpenAI | HuggingFace Spaces. Live: mvamshi56-creative-predictor.static.hf.space

- Paste any ad creative and get a scored prediction of CTR, engagement, and conversion per platform (Meta, Google, LinkedIn, Instagram/Reels, TikTok)
- 20+ decision modules - quality score, budget estimator, emotional arc, ad-fatigue, CRO checklist, ROAS calculator, attention heatmap, persona targeting
- Full A/B testing toolkit - side-by-side Version A vs B, statistical-significance calculator, and test-idea generator; Competitor Ad Decoder and Landing Page Analyzer
- AI engine switchable across Groq, OpenAI, and HuggingFace; shipped 13 product iterations (v13.0) - real iteration, not a one-day demo

AI GROWTH STRATEGY GENERATOR

My third live product - a funnel-based growth strategist. Next.js | Vercel. Live: strategy-generator-kwdf-beta.vercel.app

- AI-powered strategy generator: real business inputs in, a personalized budget-optimized marketing strategy out - in seconds
- Guided wizard (industry, budget, goal, strategy style) with optional KPI targets and competitor mapping for an instant SWOT
- Scoring engine + funnel split (awareness to loyalty) produce a prioritized roadmap scored by effort vs. impact
- Second self-shipped AI tool - proof the approach repeats, not a one-hit; live and clickable for recruiters
